

Lots of Love Tip & Idea Sheet

www.averyelle.com

1. The Feb 14 image will fit perfectly into a 5/8" circle punch.
2. Use the free cut files provided to cut out the large heart image shapes. Stamp the hearts onto the die cuts and use dimensional adhesive to give your project a layered look.
3. Stamp the sentiments together to form fun word art. Consider leaving the sentiments on the acrylic sheet and use that as your "block" to stamp.
4. Stamp the large heart images multiple times to create a pattern or an ombre effect.
5. Stamp the "I Love You This Much" sentiment onto a card base. Stamp the image again in a coordinating color onto a scrap of card stock and cut the "This Much" banner out (or stamp onto a die cut from our free matching cut file). Add dimensionals behind the banner and adhere over the original image for dimension.
6. Use the small trio of hearts to stamp a "dot" over the I in the "Be Mine" sentiment.
7. Use the "xoxo" sentiment and stamp it multiple times to create a border strip on your project.
8. Stamp the "Big Bold small italic you're my type" sentiment on a bookmark and give to your favorite reader, teacher or valentine.
9. Have fun!!
